Body-Worn Camera Live View & Cloud Recording — System Diagram

隨身攝錄機實時直播及雲端錄影方案系統圖

① Live video & audio (on demand) ② Recordings stored on the platform, then searched & downloaded by the office ③ GPS position & SOS alarms

④ Two-way talk / PTT and commands from the office to the cameras · 由辦公室對講及下指令

Platform Service Plans — Comparison

平台服務方案比較

NF-BWC5G works on its own, or over 4G with the NF Multimedia Communication Platform. Services are charged per camera per month — contact us for a quotation.
NF-BWC5G 可獨立使用,亦可經 4G 接駁新科多媒體通訊平台;服務按每部每月收費,歡迎查詢報價。

	Standalone 本機獨立使用	**Live View & Tracking** 平台牌照(直播 · 對講 · 定位)	**Live View + Cloud Recording** 平台牌照 + 雲端錄影
RECORDING · 錄影			
Recording on the camera 機身錄影	✓ Local copy on the camera	✓ Local copy on the camera	✓ Local copy on the camera
Offload at end of shift 下班後匯出	✓ Dock or USB-C to your PC	✓ Dock or USB-C to your PC	✓ Not needed day-to-day
Footage stored centrally 中央保存	— Kept by the customer	— Kept by the customer; selected clips can be pulled from the camera remotely	✓ Stored on New Forward's Hong Kong-hosted servers for the agreed period, with an offline backup copy
LIVE OPERATION · 實時運作			
Live video from the office 辦公室實時觀看	—	✓ On demand	✓ On demand
Two-way talk / PTT 雙向對講 / 群組對講	—	✓	✓
GPS map, route replay, geofence alerts 地圖定位 · 軌跡回放 · 電子圍欄	—	✓	✓
SOS alarm to the office SOS 通知辦公室	—	✓ Pop-up with location	✓ Pop-up with location
Search & download footage online 網上查片及下載	—	— Selected clips only, pulled from the camera	✓ Search by camera, user and time; download as evidence
WHAT IS NEEDED · 所需配套			
4G data SIM per camera 每部 4G 數據卡	Not needed	Needed — provided by the customer	Needed — provided by the customer; a larger data plan, as recordings are uploaded
Monthly fee 月費	None	Platform licence, per camera per month	Platform licence + cloud recording, per camera per month
Typical use 適合	Meeting a contract's recording requirement at the lowest running cost	Supervisors need to see, talk to and locate front-line staff	Footage must be kept centrally as evidence and retrieved at any time

Cloud recording allowance · 雲端錄影用量
Quoted on the recording hours per camera per day and the retention period the project needs (for example 1080p, 2 hours a day, kept until project completion).

Data usage · 數據用量
Live viewing and recording upload use the camera's 4G data. Usage depends on resolution, encoding and hours recorded; SIM cards are provided by the customer, and we can advise how much data to plan for.

Entry models · 入門型號
NF-BWC-S7, NF-BWC-D960 and NF-BWC-H6 are standalone recorders without 4G; the platform plans apply to NF-BWC5G.
